POWER BI

Custom order for legend

I should be able to order the "legend" and the values in the same order as I have in my "order" feature in Excel

POWER BI

Measure Management & DAX Editor

Anyone who uses PowerBI long enough has had a PBIX with 50-60 measures and it has become time consuming and tedious to select each one

POWER BI

Add Folders To Organize Reports On PowerBI.com

Right now, on powerbi.com, there is no ability to organize reports, dashboards, etc into folders. If you have a lot of content or users, this gets messy quickly. Please add the ability to organize into folders (and secure those folders separately)

Planned

Update 10/17: This is now in our upcoming roadmap and we will share more details in the coming months. More

March 2022 Update: This is in our plans, no timeline as of yet but we are working on it

Row level security

- Filters mainly the Fact table
- Does not filter dimensional tables
 - Except over 1:1 bi-directional relationships
 - Possible when adding a RLS filter to each table individually
 - Requires a specific setup regarding relationships

Row level security

Microsoft

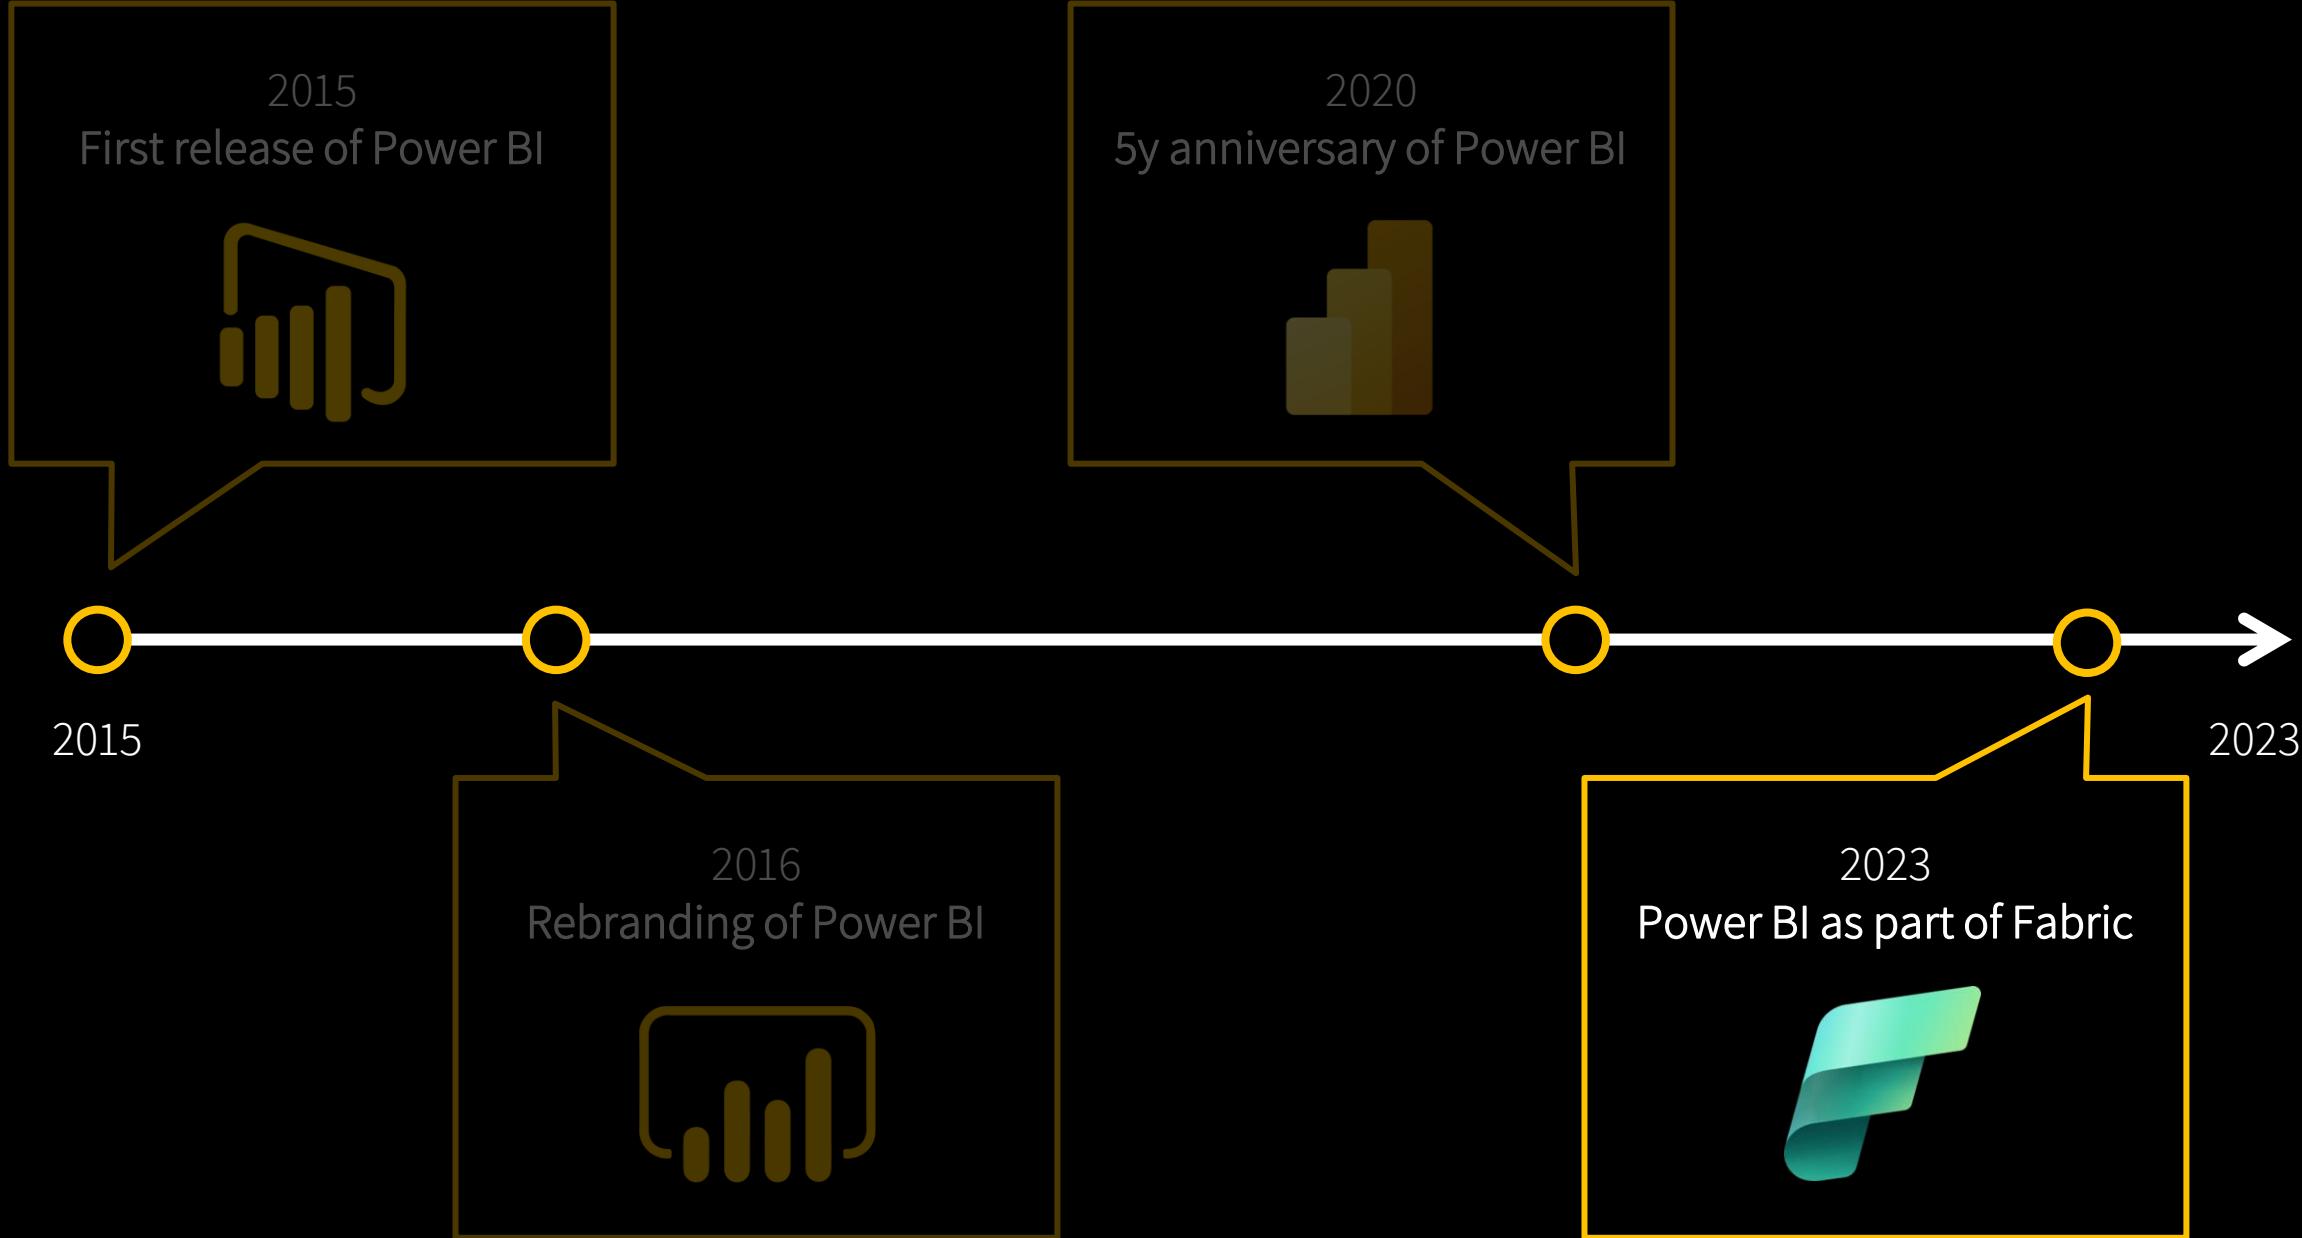

Azure (Microsoft Cloud) omgeving

A complex network graph is displayed against a yellow background. The graph consists of numerous small, semi-transparent grey dots representing nodes, connected by a dense web of thin black lines representing edges. The nodes are distributed across the frame, with some forming larger clusters and others being more isolated. The overall effect is one of a complex, interconnected system.

- Data directly collected, enriched and available via Microsoft Fabric.
- Getting real-time answers based on data through AI-Powered conversational bots.
- Logging requests without navigating through a complex landscape of applications.

You can influence our
shared journey!

A dynamic photograph of several cyclists in motion on a paved road that curves through a rugged, rocky landscape. The road is bordered by a stone wall covered in green vegetation and small purple flowers. In the background, large, dark mountains rise against a bright sky. The cyclists are wearing various colored jerseys and helmets, and one cyclist in the foreground has a yellow race bib with the number 7615.

We're full speed ahead!
